Mudslide, I-5, Los Angeles / Kern County Line

On 05/06/16 at 1825 hours the California State Warning Center (CSWC) received a report from Caltrans, advising that a mudslide had occurred on I-5, 4.7 miles north of the Los Angeles / Kern County Line.

- The slide occurred at approximately 1718 hours.
- The Cal OES Law Duty Officer (LDO) advises per the California Highway Patrol (CHP):
 - There are no immediate reports of anyone stuck or trapped in the mud.
 - Drivers on both directions of I-5 between Grapevine and State Route 138 are being assisted off the roadway.
 - The freeway will remain closed until crews can clear debris from the road.
 - The closure is estimated to be in place for 8-10 hours.
- Cal OES Duty Officers are monitoring the situation and providing updates as they become available.

Natural Gas Release, Playa Del Rey, Los Angeles County

On 05/06/16 at 1641 hours, the California State Warning Center (CSWC) was contacted by the Division of Oil, Gas, and Geothermal Resources (DOGGR) advising of a notification from a private citizen who stated that they have been smelling a gas odor coming from one of SoCal Gas' facilities at Playa Del Rey Underground Storage, Los Angeles County.

- The citizen was unable to locate the source of the smell, due to it being in several places at the facility.
- The citizen reported to DOGGR that they started smelling the odor on 04/19/16.
- There is no report of a vapor cloud associated with this incident.
- DOGGR is sending out an inspector to check over the facility and verify the information they received.
- CSWC personnel conducted notifications per the Hazardous Materials SOP.

WEATHER OF CONCERN

Weather of Concern

Central California:

- A Flash Flood Watch has been issued for the south and west side of the San Joaquin Valley through 2300 hours tonight.
- Some storms may produce very heavy rainfall in a short period of time resulting in localized flash flooding.

Southern California

- Flash Flood Watches are in effect for the Antelope Valley, Cuyama Valley, Los Angeles County Mountains excluding the Santa Monica Range, Santa Barbara County Mountains, and Ventura County Mountains through this evening.
- Any thunderstorms that develop will bring the potential for periods of heavy rain which could cause flash flooding to occur due to very weak winds aloft.
